Endangered Species; Issuance of Recovery Permits

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of issuance of recovery permits.

SUMMARY: We, the U.S. Fish and Wildlife Service, have issued the following permits to conduct activities with endangered and threatened species under the authority of the Endangered Species Act (Act), as amended. With some exceptions, the Act prohibits activities involving listed species unless a Federal permit is issued that allows such activity. We provide this list for the convenience of the public as a summary of our permit issuances for the second half of calendar year 2016.

FOR FURTHER INFORMATION CONTACT: See the contact information in the **Permits Issued** section.

SUPPLEMENTARY INFORMATION: We have issued the following permits to conduct activities with endangered and threatened species in response to recovery permit applications that we received under the authority of section 10(a)(1)(A) of the Endangered Species Act (16 U.S.C. 1531 *et seq.*). These permits were issued between July 1, 2016, and December 31, 2016. Each permit was issued only after we determined that it was applied for in good faith, that granting the permit would not be to the

disadvantage of the listed species, that the proposed activities were for scientific research or would benefit the recovery or the enhancement of survival of the species, and that the terms and conditions of the permits were consistent with the purposes and policy set forth in the Act.
